Voters to consider Chaffey tax override

By Lynne Locke

Upland, Montclair, Alta Loma and Cucamonga residents will vote Tuesday on a tax override to increase the base revenue limit for the Chaffey Union High School District.

The district will face a $1.8 million deficit in 1975-76 if the override measure fails, according to chief accountant Parley Hansen.

The override is necessary to maintain the district's educational programs at the same level, he said. Senate Bill 90 requires the district to cut this year's expenditures of $21,515,394 to $19,285,837 for next year unless voters give the district permission to collect more revenue.

In the tax override, the trustees are asking for 54.42 cents more per $100 assessed valuation for 1975-76. That would increase to 70 cents in 1976-77 and 83 cents in 1977-78.

The average homeowner presently pays $2.48 per $100 of assessed valuation. If the override passes, the homeowner would pay $3.02, Hansen said.

The district now spend $1,668.25 for each student, he noted. If the override passes, the expenditure per student would rise to $1,840 in 1975-76, $1,907 in 1976-77 and $1,961 in 1977-78.

Hansen said the trustees could reduce the authorized override amounts if additional revenue became available. The Dills Bill presently being considered in the state legislature could authorize each district to collect $15 more per student.

If the override fails, the district will have to cut $800,000 from present programs without even considering inflation, he said.

Some expected costs such as reroofing can be deferred, he noted. The district also would cut teaching staff by approximately 60 teachers. All extra services, such as lawn maintenance and classes not required for graduation, would be cut.

Hansen said trustees consider the override a temporary measure until the state legislature can revise the system for funding education. The California Supreme Court is requiring the legislature to develop and implement a new plan within five years.

The board of trustees hasn't asked for a bond issue for a long time, Hansen said. The trustees saved taxpayers "millions of dollars in interest" by funding new construction with available money, he noted.

March 4 election

Five candidates run for Chaffey Board

Five candidates are competing for two seats on the Chaffey Union High School District Board of Education.

Candidates include Richard J. Evans of Ontario, attorney; Kenneth E. Wright of Montclair, water district administrator; Danyel E. Clark of Alta Loma, teacher; H.J. Carnine Jr. of Upland, attorney and business manager; and Raymond J. Sarrio of Cucamonga, teacher.

EDITOR'S NOTE: The Upland News contacted all the candidates for the Chaffey Union High School District Board of Education. One did not respond.

Carnine said the district's primary concern is relating financial responsibility to the academic and vocational needs of students. He also said the school system must help students develop their talents in the most effective manner.

Carnine is a member of the state and county bar associations and has experience managing employes and budgets for a large company. His youngest son attends Upland High School.

Evans said board members must have a common sense approach to finances and added "facilities should be expanded and improved as needed without waste or extravagance."

He supports a balanced curriculum to meet the needs of both college preparatory and vocational students. He said the district should avoid disruption of the educational process by developing communication between the board, administration, faculty, parents and students.

Evans is vice chairman of the Ontairo Planning Commission and is chairman of the Kiwanis Clubs, committee on youth and senior citizens. Two of his children attend Chaffey High School.

Wright said the community has the responsibility to provide young people the opportunity of a good education, good professional people to teach them and good facilities in which to learn.

The schools and community must be brought closer so all are aware of the schools' problems, he added. Wright said a program must be devloped to handle problem students who are too young for continuation high schools.

Wright is president of the Parent-Teachers League and the Montclair Chamber of Commerce and is chairman of the Montclair Swim Club and the Bicentennial Committee for Prado Dam Park. His two children attend local schools.

Sarrio said his main objective is to maintain quality education by developing communication with residents, stressing educational basics and using funds efficiently. He said citizen advisory councils should be expanded at each high school and board meetings should be rotated among schools so more citizens can participate.

Sarrio supports vocational training programs and a district-wide reading program to help students gain command of language. He said district budgets should emphasize educational and developmental needs of students. Funds must be used efficiently and responsibly to maintain community support, he noted. Sarrio is leader of an educators' association.

County voters to consider Proposition F

Citizens residing in San Bernardino County outside of any city or fire district will be asked to vote March 4 on increasing the tax rate ceiling for fire protection service, according to battalion chief Fred chmidt.

The measure, Proposition F on the ballot, requests an increase of 15 cents in the tax rate which would allow a maximum increase over three years to .3554 cents per $100 of assessed evaluation.

Fire protection in County Service Area 38 is contracted by the County of San Bernardino to the California Division of Forestry, and serves San Antonio Heights and the county area on the west side of Upland. The tax rate was frozen by Senate Bill 90 of 1972.

County Service Area 38 has lost approximately $12 million in assessed valuation in the last three years because of annexations to cities or other fire protection jurisdictions.

A public meeting, open to all citizens who will be affected by Proposition F will be held to present information and answer questions concerning the proposal 7:30 p.m. tonight at the Mont Vista Lodge, 2426 N. Euclid Ave., Upland.

Six Uplanders in board race

By Lynne Locke

Six candidates are competing for two four-year positions and one two-year position on the Upland School District Board of Trustees. Candidates for the two four-year seats are incumbent William S. Rugg, Elizabeth J. Cooper, teacher; and Barry Brandt, attorney.

Mrs. Cooper said reading, mathematics and communicative skills are the most important aspects of the curriculum and added that individual instruction should be emphasized to assure equal educational opportunities for all Upland children.

EDITOR'S NOTE: The Upland News contacted all the candidates for the Upland School District Board of Education. All but one responded.

School boards must be open and responsive to parents, students and employes, she noted. "There must be a wise expenditure of the tax dollar in the classroom," she added. She is a junior high school science teacher.

Brandt said he supports the setting of high educational goals and providing the means of reaching them. The two greatest assets of the Upland School District are "the support of a community which expects good education and a very capable team of teachers, staff and administration," he noted.

Brandt said critical but fair analysis of income from state and local taxes and establishing educational priorities are important goals. He said he has become familiar with fiscal accountability as legal counsel to city governments.

Rugg, a member of the school board seven years and its president four years, said taxpayers must be carefully and adequately represented on the board. The district must have proper reserves to assure financial stability and maintain educational programs, he added.

Rugg supports opportunities for continued education for teachers and staff. The district's professional development program has resulted in "many new and exciting instructional programs," he noted.

He is director of the Upland Chamber of Commerce and the Pacific Southwest Hardware Association and is a past president of Upland Rotary Club.

The two-year seat left vacant by the resignation of Erwin J. Schneekluth expires March 31, 1977. Candidates for the seat are William G. Hutson, federal probation officer; Louis Gentile, college professor; and Doris P. Kaichen, teacher.

Hutson said the main concern of education is that students be able to speak and write English accurately. He said teachers should receive salaries equal to their "heavy responsibilities" and added that class sizes should be workable.

"Schools should be centers for learning academic and social skills without students fearing physical harm or intimidation from delinquent groups," he said.

Huston has experience as a college and public school teacher and is a licensed marriage, family and youth counselor.

Gentile said, "All children in this district must receive the best education possible." He noted that school boards will become responsible in January 1976 for all school activities. Board members "must be able to exercise this newly granted authority and fully meet an increased responsibility to all segments of the educational community," he added.

Gentile said all interested groups should be involved in establishing reachable educational goals, formulating positive and effective solutions to problems, and using the district's resources for the highest quality of learning.

He teaches business education at Chaffey College, has experience in business and industry and has been city recreation director.

Program for women set at Chaffey

Chaffey College will present a series of programs showing that women can handle jobs traditionally reserved for men noon daily through March 7 in the college career center.

Speakers include:

— March 3 — Christie Cook, president of the American Association of Women Truck Drivers, who hauls rock and gravel for the Livingston Graham Corp., and Teamsters Local No. 871 representative Rick Alvidrez, who will speak about apprenticeship areas for women.

— March 4 — Carolyn Brink, architect with Harnish, Morgan and Causey, Ontario.

— March 5 — Shirley McGee, traffic manager for Food Machinery Corp., Pomona, and Vivian Windsor, California Highway Patrol officer.

— March 6 — Lee Tannen, director of the Chaffey College Skill Complex at Ontario International Airport, and June Teitsworth, vice president for Chaffey College student services.

— March 7 — Engineers Carol Schamp and Katherine Myers from Aerojet Electro Systems, Azusa.

The program, entitled "Spotlight on Careers for Today's Woman," is a joint production of Chaffey's Women's Center, Job Placement Center and Career Center. Programs are open to area residents.

Chaffey College Board of Trustees

Four seek board seats

By Lynne Locke

Three of the four candidates seeking election to the Chaffey Community College Board of Trustees are incumbents. John Tyree, high school football coach, is challenging incumbents Lester Stroh, physician; Herschel R. Glenn, attorney; and Clarence Saunders.

Lester Stroh

Stroh, an Upland resident, has served on the board of trustees four years and presently is vice chairman. His main goal is improving education through periodic evaluation of the faculty and evaluation of student achievement.

EDITOR'S NOTE: Each of the Chaffey Community College Board of Trustee candidates was contacted for information. One did not respond.

Stroh also favors expanding educational opportunities into outlying communities through graded and upgraded day and evening classes and academic and vocational instruction stressing fields that have career openings locally.

He said another concern is to outline community expectations and provide leadership for the superintendent-president soon to be named by the board.

He is a member of the National School Board Association, California Junior College Association and American Association of Community College Trustees.

John Tyree

Tyree, a Fontana resident, said broader representation of the 10 communities served by the college district is an important issue since he is the only candidate who does not live in Upland.

He proposes to survey the communities, faculty and students to determine the role of the college and to set funding priorities. Tyree would develop better communication between board members and students and faculty and better communication between the college and local high schools.

He supports a stronger athletic program to establish the college's identity in the surrounding communities. He is a member of the American Football Coaches Association, and the board of directors of the Desert Football Association.

Herschel Glenn

Glenn, an Upland resident, has served as trustee four years and has been chairman of the board the last three years. He said the most immediate concern is selecting a superintendent-president to succeed Dr. Stanley Warburton, who will retire in June.

The new superintendent-president must be "a dynamic, visionary educational leader" who will ensure Chaffey College's continued reputation as "one of the finest educational institutions" in California, Glenn added.

Glenn is vice president of the Western San Bernardino County Bar Association and past president of the West End Legal Aid Society.

$1.8 million allocated

The San Bernardino County Board of Supervisors Monday approved a housing and community development plan for the county and nine cities, including Upland and Montclair, to be funded with $1.8 million in federal funds next fiscal year.

The supervisors requested the county housing and community development department to submit an application for block grant funds under the Housing and Community Development Act signed by President Ford late last year.

Upland is expected to receive $122,000 during the first year of the three-year grant program. Upland plans to spend $35,000 on a housing survey and $87,000 on a senior citizen center.

Montclair's first-year share of the block grant is $90,000, including $63,000 for increased enforcement of the city's housing codes.

Ontario Supervisor Dan Mikesell had asked that housing and community development for the county include land acquisition for a $291,000 Cucamonga community center in the first year of the funding program.

However, Ann Siracusa, coordinator for the housing and community development department, told the supervisors Monday funding for the land acquistion would not be available until fiscal year 1976-77.

The county will begin a pilot program in Cucamonga during 1975-76 to provide homeowners with a $500 home repair subsidy.

Under the program, elderly homeowners in Cucamonga may hire selected contractors to repair their homes and to be reimbursed up to $500 by the county.

The county housing and community development plan also includes a vacant building program for Cucamonga and Los Serranos — under which vacant houses will either be rehabilitated or demolished.

The county hopes to begin receiving funds for the housing and community development plan by July.

MARIONETTES — The Bob Baker Marionettes will present a day of enchantment for the children of the West End 10:30 a.m. - 1 p.m. March 1 in the Upland High School gymnasium. The show is a fund-raising project for the West End Family Counseling Service Auxiliary. Tickets, $1, are being sold at local schools and will also be sold at the door. For ticket information, call 982-1177.

United Way fiesta set

The Victory Fiesta annual meeting of the West End United Way will be held Thursday at Red Hill Country Club, Cucamonga.

The evening will open at 6:30 with a no-host social hour, followed at 7:30 with dinner.

The final results of the 1974 fund drive of the United Way will be announced. The goal was set for $500,500.

Featured at the annual meeting will be music by the Los Tres Caballeros Mariachi Band and dancing by the Ballet Folklorico of Rio Hondo College.

One major strength of a federated drive is having community -minded citizens study the area's social needs and the abilities of the various agencies to meet these needs.

In the West End area, the budget committee consists of 20 persons representing all aspects of the community including ethnic, social and donor-oriented groups.

Members of the 1975 budget and allocations committee are Sharon Adams, Alan Barr, Dorothy Bingham, Randy Bond, Chuck Bush, Ralph Bush, James Garliepp, Gerri Hughes, Joe Kamansky, Linda Le Grande, Bess Masterson, Mike Milhiser, Capt. Louise Moreno, Victor Mott, Ralph Odom, Ricky Ramirez, Charles F. Robar, Clarence Robbins, John Shoemaker, Earle Taylor and J. Milo Thomas.

H. O. (Hank) Russell was chairman of the 1974 drive. Division leaders were Dennis Shea, Col. Lloyd A. Hutton, L. E. (Gene) Wood, H. L. (Hal) Snowden, Ernest A. Wagner, Penny Meyer, Dr. T. Stanley Warburton and Charles F. Linck Jr.

Richard E. Price is president of the executive committee.

There are 29 agencies in the West End United Way. They are as follows: American National Red Cross; Old Baldy, Boy Scout Council; Chino Neighborhood House; Children's Hospital of Los Angeles; West End YMCA; Mt. San Antonio Council, Camp Fire Girls, Inc.; Ontario-Pomona Association for Retarded Citizens; Spanish Trails, Girl Scout Council; West End Boys' Clubs, Inc.; Orthopedic Hospital; United Service Organization (USO); Salvation Army; West End Legal Aid Society; American Social Health; Chino Council of Social Services; Community Action Group; Cucamonga Girls' Club; Epilepsy Society; Inland Area Urban League; Mary Louise Griffith Heart Fund; Pomona Valley Hearing Society; Salvation Army Extension Service; San Antonio Dental Center; San Bernardino County Council of Community Services; Visiting Nurse Association; West End Council of Community Services; and the West End Family Counseling Service.

Thom McAleer casino headliner

Headlining the entertainment for the "Gold Nugget Casino" on Saturday at Griswold's Indian Hill Inn, Claremont, will be Thom McAleer of Upland.

This Casino Alegre is the 10th annual benefit for the Casa Alegre Auxiliary of the Children's Home Society of California.

McAleer is a radio, television and theater actor and entertainer. He has appeared in many of the productions of the Gallery Theatre of Ontario, and is a semi-regular member of the "Room 222" television show. He has hosted various game shows and taped numerous commercials.

The actor is a theater major from Chaffey College and Cal Poly State University, Pomona, and has had theatrical training at Gordon Hunt's Professional Actors Workshop and has had private coaching and vocal lessons with Edward F. Menerth Jr. McAleer will play the guitar and sing for the "Gold Nugget Casino" party.

The Pomona Jaycees are donating their time at the gaming tables. Reservations may be made by calling 987-2689.

Census workers sought by county

The County of San Bernardino is looking for 1,300 persons to work one to two weeks as special census inumerators to begin on April 1.

Successful applicants will be paid $10 to attend the training session and can earn as much as $28 per day.

Applicants must be citizens of the U.S. who are in good physical condition and are able to read maps. Census enumerators must be willing to work a minimum of six hours per day, six days per week and should have a car available.

Applications may be obtained in the city clerk's office in Ontario at 225 S. Euclid Ave. and the contact center at 1010 S. Bon View Ave.

The 1975 "Les Bal de Infants Cheris" will be presented as "An Evening of Oriental Spendor" by the Ontario-Pomona Association for Retarded Citizens' Auxiliary on Wednesday, March 5, at Red Hill Country Club, Cucamonga.

The annual event will benefit the Ontario-Pomona Association of Retarded Citizens (OPARC) and the Diversified Industries.

This is the sixth annual social event to be held prior to the running of the Ontario "500" race scheduled for March 9 at Ontario Motor Speedway.

To create the Oriental scene, the country club will be decorated with cherry blossoms, and the hostesses will wear Oriental costumes.

Honorary chairman for the ball will be Johnny Rutherford, a famous racing driver who copped the 1974 Indianapolis 500 race.

Judy Stallings, Miss Ontario Motor Speedway, will be a guest.

Guardian Angel tables have been reserved by Mr. and Mrs. Robert B. Lewis and the Ontario Motor Speedway. Seated at the Lewis' table will be Mr. and Mrs. Charles Gerard, Mr. and Mrs. Larry Corrigan Mrs. and Mrs. Rex Beer, Mr. and Mrs. Allan Cook and Mr. and Mrs. Gus Ivins. Mrs. Gerard, Mrs. Corr igan and Mrs. Beer are teachers at the OPARC Day School. Mrs. Cook is director of the infant stimulation center, and Ivins is director of Diversified Industries in Ontario.

Also attending the ball will be Mary Boyd, director of the OPARC operations, and Hetty Doesberg, principal of the OPARC Day School. Members of the OPARC board of directors also will attend.

Following a social hour, dinner will be served. Dancing will be done to the music of Lou Catalano's orchestra. Anita Catalano will be the featured singer.

A Monte Carlo Casino, staffed by member of the Upland and Pomona Breakfast Lion's Clubs, will be held Guests will use "play" money for the gaming.

A silent auction will be held in the foyer during the early evening, followed after dinner by a live auction in the dining room.

District ok's bid for pump

Directors of the Cucamonga County Water District awarded a $153,140 to J. Putnam Hinck Corp. and Hinck Pro on Wednesday for the installation of a new water pump.

According to Lloyd Michael, the pumping station receiving the new equipment is located at the corner of Archibald Avenue and Accacia Street in Cucamonga and will service an industrial zone in the southern section of the district.

Michael said the joint bid by J. Putnam Hinck Corp. and Hinck Pro was the lowest of four bids received for the contract. High bidder, said Michael, was Kenneth Frazier at $202,020.20, $36,361 more than the next highest bid by Pylon Inc. at $165,669.

Water obtained from the well will be used to supplement the district's present supplies, said Michael.

District names vice principal

The Central School District Board of Trustees has appointed David Van Fleet, a district teacher for seven years, to fill a vice principal vacancy at Cucamonga Junior High School.

Van Fleet, appointed on Tuesday, will assume his new post next school year. He currently is an opportunity class teacher.

The post Van Fleet will fill is currently held by Dave Costner, who was recently promoted to school principal.

FINANCIAL FASHIONS — Fashion show coordinator Jeannie Alfano and models Lori Schneider of Upland and Candy Sims of Montclair prepare for the annual fashion show hosted by the board of governors of the American Institute of Banking, Citrus Belt chapter. "Fashions under the Big Top," 11:30 a.m. Saturday at Griswold's Pavillion, Claremont, will include fashions for men, women and children modeled by employes of several West End banks. For reservations call 622-1231. (Photo by Lynne Locke)

Baby-sitting classes set

Free baby-sitting classes for girls over 12 years old will begin Saturday, March 1 sponsored by the Alarms, wives of the Foothill Fire Protection District.

A second session is scheduled for Saturday, March 8. Both classes will be held from 9 a.m. to 12:30 p.m. at the roadside rest park, Base Line Road and Vineyard Avenue, Cucamonga, in the youth hut.

Mrs. Ed Horn, with the help of Mrs. Dennis Herman, Mrs. Mike Jackson and Mrs. William Bryan, will cover the care of children, the sitters' medical responsibilities to the parents and children, normal and problem behavior and legal responsibilities of baby-sitters.

Speakers from the fire and sheriff departments will discuss the procedure to follow in cases of a fire and what to do in case of a prowler.

The class is limited to 20 members. Those interested may call Mrs. Bryan at 987-5428 to pre-register.

"We've cut down on electricity and our bills are still high.

How do you explain that?"

We know your electric bill is higher. A lot higher—even though you're conserving electricity. Why? Primarily because of the increased cost of oil.

It's our job to provide the electricity you, your family and your job require. And we must do so in a manner that meets all air pollution control regulations. This means burning foreign, low-sulfur oil in Edison generating plants. The price is set by foreign governments, and it more than tripled in the last 18 months. It could go even higher. Since January, 1972, the increasing costs of oil and the additional amounts we have had to buy are responsible for almost 90% of the increase in your electric bills.

So we won't always be so dependent on foreign oil, we're spending millions of dollars building coal and nuclear plants. We are also researching new ways to generate electricity—without foreign oil. Geothermal power. Solar power. Fuel cells. Fast breeder reactors. Nuclear fusion. Research is costly, but it will also help to reduce our reliance on foreign oil.

Projects related to the environment are expensive, too, and in 1974 will account for about 20% of our capital expenditures. In the past six years, $325 million were required to be spent for such projects. It looks like we will have to spend another $450 million for environmental purposes within the next four-year period.

On top of all this, inflation is eating into our budget—as it is yours. The cost of constructing new plants is 10 times higher than it was a few years ago, and borrowing costs have more than doubled.

Your electric bill will reflect these rising costs. What can you do to hold down your bill? Budget your use of electricity wisely. For ways to do this, send for our free booklet. Write: "Conservation," Edison, P.O. Box 800, Rosemead, CA 91770.

Silver Beaver dinner

Scout council to hold recognition program

The Old Baldy Council's 43rd annual Silver Beaver Recognition dinner will be held on March 6 at 7 p.m. at Griswold's Pavilion in Claremont.

The annual dinner will be potluck with the scout units reserving tables. Cost of the dinner will be $1 per person with the council providing beverages.

Since 1932 the Silver Beaver Award program has been held annually to honor and present to the recipient the highest award that can be given to a registered scouter on the local council level.

H. Gordon Moore, a Silver Beaver himself and longtime scouter in the Pomona area, will be presenting to the council a stone mosaic of the past and future Silver Beaver recipients of the Old Baldy Council.

This mosaic has taken almost a year to design and build and will be a cherished item in the Old Baldy Council. It will be on display in the Old Baldy Council Service Center for the public to view.

This particular craft is not new to Moore. He has made other art objects with stones.

Moore also created a cross stone mosaic for the Old Baldy Council that will be utilized in the scout chapel at Holcomb Valley.

The Old Baldy Council has also announced officers for 1975. They are:

Richard S. Kirkendall, president; Jerrold R. Gonce, vice president; William E. Wilkerson, vice president; Robert Lewis, vice president; Harry E. Gifford, council commissioner, and Donald R. DesCombes, treasurer.

Hunter safety reaches to all

Is hunter safety training something just for kids?

It isn't if you're looking for a state license for the first time, according to Gene R. Hubler, Region 5 coordinator for the Dept. of Fish & Game.

In cooperation with the Upland Recreation Dept., he and his aides will offer courses Thursday and Friday evenings from 6 to 10:30 p.m.

Site is the building adjacent to the Upland Police Dept.

Registrations will be accepted the first night, with persons age nine and up eligible for the course.

A release form will be given each student under age 12.

Students must pass a written examination with a score of 90 per cent. "Ten commandments of gun safety" is also a requirement.

A $4 fee entitles students to diploma (if successful), brassard and one-year membership in National Rifle Assn. if the person is a junior. Boy Scouts will receive 75 per cent credit towards their rifle-shotgun-archery merit badge if successful.

Not according to Department of Fish and Game figures on the percentage of adults among graduates of hunter safety training programs in California during 1974.

James O. Holven, DFG hunter safety training officer, reports that 40 per cent of the 72,229 persons completing such courses in the state last year were 18 or over.

And the 28,911 adults graduating from such courses was the largest number in the over-18 category in the 21 years of the California program.

Through December 1974, 785,045 persons had been trained in the program that began in 1954. The California program was the second in the nation and the first to require training adults.

Holven says that the percentage of adults taking the training, which includes principles of conservation and sportsmanship as well as gun and bow and arrow safety, apparently has stabilized at the 40 per cent figure.

Central School District

Panel will investigate

The formation of a 17-member committee that will study the classroom space needs of the Central School District was recently reported to the district school board.

The "Alternatives Committee" will seek solutions to the Central district's increasing enrollment, which is expected to reach the critical stage in September.

The committee will study seven alternative solutions and then make recommendations to the five-member board of trustees. Identified as areas of study are:

—The year-round school scheduling system.

—Enclosing with classroom additions the open space that now separates district schools build under the "finger" architectural design.

—A new school on district-owned property.

—The district's combination cafeteria-auditorium and libraries for classes.

—Leasing additional classroom space in privately owned buildings or leasing more portable class facilities.

—A new scheduling system that would have elementary students attending double sessions and junior high school pupils using a staggered schedule.

Planting herbs for indoors

Plant herbs for indoor growing in well-drained soil in a pot with a hole in the bottom and give them plenty of light and some humidity. One way to provide the latter: set the pot on a layer of pebbles in a shallow tray and keep water level with top surface of pebbles.

Bottle collecting no passing fad

Bottle collecting has become more than just a fad. Its devotees have made it a technical and fascinating collecting specialty. In the process they have added a wealth of "new" items to the marketplace.

These are not the liquor bottles or cosmetic bottles with "manufactured" value but the bottles that you search for in abandoned houses, junk piles, old store buildings ... bottles that have reached or soon will reach the 100-year stature of antiques.

Basically, there are four general divisions of bottle collecting — whiskey bottles including flasks, bitters bottles, figurals and household bottles.

Whiskey flasks made from 1750 to about 1860 were among the first to attract American collectors, perhaps because they originally were made to be attractive as well as utilitarian.

Historic flasks are a result of the glassmakers search for bottles consistent in size. Free blown bottles varied greatly in size and shape. It was for this reason that factories early in the 19th century developed a molded bottle of standard size.

Bitters bottles should probably be classified as liquor bottles, too, because much of the "medicine" of the last half of the 19th century contained a higher alcohol content than whiskey.

One authority explained that bitters were invented to avoid the gin tax in England. However, there were more than 400 makers of bitters in the United States, which could prove that Americans know a good thing when they find it.

Household bottles are to be found in a wide variety of shapes and sizes and generally date from the last half of the 19th century.

Figurals are bottles shaped like a recognizable person or object. Whether old or new, they are very collectible.

Several properties which a bottle possesses will reveal its age. These include the method of manufacture, the top or lip, stoppers and closures and the bottom or base.

The free-blown bottle made until the early 1800s shows no mold marks. The mold-blown bottle will have seams down each side but the neck which was finished by hand will show no seams. Three-piece molds were used from about 1810 until the 1880s and bottles showing seam marks of a three-piece mold are considered rare.

Wooden molds in use from 1820 to 1860 often produced "Whittle" marks in the glass.

Know constitution's history

February named American History Month by the DAR

February is American History Month in the United States as designated in 1952 by the Daughters of the American Revolution.

The members of the San Antonio Chapter of the Daughters of the American Revolution (DAR) urge every American at this time to know the history of the United States Constitution.

They say there are many great men and women who helped win the War of American Independence such as George Washington, Thomas Jefferson, Molly Pitcher, Betsy Ross, Patrick Henry and Paul Revere.

Who was Deborah Sampson Gannett? She was the first woman to enlist as a soldier in the American Revolutionary War. She signed up under the name of Robert Shurtleff. But she was only one woman who helped America gain independence.

Did you know there was a "female Paul Revere?"

She was Sybil Ludington who was only 16 years old when she rode horseback through the night to spread the alarm of the raid in the town of Danbury, Conn., being made by the enemy.

February is the birth month of three presidents - Washington, Abraham Lincoln and William Henry Harrison.

Now is the time to review and appreciate our American heritage, which this country will celebrate on its 200th birthday in 1976 — all this is the advice of the San Antonio Chapter members of the DAR which celebrates the annual Colonial Tea on Monday at 1 p.m. in the Chaffey Community Cultural Center Museum in Upland.

Guild sponsors show luncheon

The main ballroom in the Beverly Wilshire Hotel in Los Angeles will be the setting for the fashion show luncheon sponsored by St. Monica's Guild of Damien High School in La Verne. Mrs. Alice Fahey, president of the Guild, states that Mrs. Maureen Johnston will be chairman of this annual event slated for March 15.

Themed "An Afternoon In Ireland," the show will feature Irish fashions.

Pauline O'Brien, a Pacific Southwest representative of the Irish Tourist Board, will produce and narrate the show.

More than 600 members and guests of the Guild will convene for the social hour at 11:30 with luncheon to be served at 12:30.

Mrs. Jean Rebitz, decorations chairman, said guests will dine at tables appointed with Beleek vases filled with fresh spring flowers. A well-known Irish harpist will play during the luncheon.

Mrs. Fran Wilkinson, transportation chairman, says that bus transportation from Damien High School will again be available for a nominal fee. Reservations are necessary and can be made by contacting her at (714) 626-7190.

Greeting guests on arrival will be the Guild president, Mrs. Alice Fahey, Reverend Martin O'Loghlen, principal of the school, and Reverend Edward Casey, Guild moderator. Funds realized from this event will benefit the educational facilities at Damien High School.

Reservations can be made by contacting Mrs. Anita Gainey at (714) 626-5436 or Mrs. Mary Thornton at (213) 339-3518.

Other Guild members assisting Mrs. Johnston are Mrs. Patricia Nielsen, co-chairman and door prizes; Mrs. Harriet McNulty, program; Mrs. Barbara Rose, professional friends, and Mrs. Sandy Bartman, publicity.

Whales spotted close to coast

PALOS VERDES PENNINSULA — The Gray Whales migrating south this year are swimming closer to the coast than ever before, according to an official at Marineland, and 20 or more can be seen daily from numerous locations at the park.

Each year, in one of the world's most unusual mass movements of animals, these 10,000 whales migrate from the Arctic Ocean south to the coves along the Baja coast to mate and bear their young.

Weighing approximately 20 to 40 tons and reaching lengths of 35 to 50 feet, the whales are black, mottled with gray and covered with barnacles and whitish scars.

In March and April they will be returning with their young, completing the round trip.

At Marineland, an excellent view of the mass migration can be seen from the whale watching terrace, the 344-foot sky tower and other locations just yards from the Pacific Ocean.

At Montclair High School

'Cabaret' airs March 7

Montclair High School will present the musical "Cabaret" 8 p.m. March 7-8 and 14-15 in the school auditorium.

"Cabaret" shows the rise to power of the Nazis in Germany and includes love stories, disappointments and many light moments, according to director Tim Tackett.

Joni Johnson and Sylvia Randall alternate as the lead Salley Bowles. Other performers are Don Snodgrass as Emcee, Robbie Wright as Cliff, Barry Bailey as Herr Schultz, Kim Ashley as Fraulein Schneider, Jim Hudak as Ernst, and Carol Marrow as Fraulein Kost.

The Kit Kat Girls include Vanessa Maire, Toni Plaster, Cindy Wilson, Leslie Ellington, Cindy Rassmussen and Sheri Barber.

Harold Barger is musical director; Ben Baker, orchestra director; and Doug Romney, set and light director.

Tickets for reserved seats are $2, and unreserved, $1.50. Students with Montclair High ASB cards will receive a 50-cent discount.

CABARET — Sylvia Randall as Sally Bowles and Emcee Don Snodgrass entertain nightclub goers with a song and dance routine in Montclair High School's musical production of "Cabaret" 8 p.m. March 7-8 and 14-15. "Cabaret" is the story of the Nazis' rise to power and how it affected the German people. (Photos by Lynne Locke)

FIRST MEETING — Nightclub entertainer Sally Bowles (Sylvia Randall) meets striving author Clifford Bradshaw (Robbie Wright) for the first time. The couple provides one of the major love themes in Montclair High School's production of "Cabaret."

LOVE AND CONFLICT — Fraulein Schneider (Kim Ashley) and Herr Schultz (Barry Bailey) are happy until they learn she will lose her government landlady license if she marries Schultz, who is Jewish in Montclair High School's presentation of "Cabaret."

VNA announces officers for 1975

Ernest A. Payne of Ontario has been named president of the board of directors for the Visiting Nurse Association (VNA) of Pomona-West End, Inc.

Other officers for 1975 include: Betty Townsend of Pomona, vice president; John McCallum of Upland, treasurer; and Vonne Robertson of Pomona, secretary.

John Lockton of Claremont is a new appointment to the board and others serving are: Walter Carney, Claremont; Frances Grove, Pomona; Dr. Francis M. Hearst, Claremont; Yvonne Loeb, Upland; Byrdie Reddick, Pomona; Bobbie Stahl, Claremont; Frank Tundis, Upland; Hazel Weller, Chino; Betty Wiltsey, Ontario; and Luis Manjarrez, Pomona.

The Visiting Nurse Association is a non-profit organization which serves the area from Walnut and Diamond Bar on the west, to Alta Loma and Cucamonga on the east, Chino to the south and north to Mt. Baldy.

Among the 76 employes in the agency are registered nurses, licensed vocational nurses, physical therapists, speech and occupational therapists, a nutritionist and a medical social worker.

The VNA's home health aides are trained to perform part-time service in the home at the request of the physician under the supervision of the nurse.

These nursing services have increased 20 per cent this year, according to Jane Hull, executive director. The Homemaker Service was added to the VNA program less than two years ago. Last year, the service increased 35 per cent.

The homemakers are trained to help in the home in many capacities ranging from light housekeeping and shopping to helping with personal care for the ill or shut-in person. The homemaker also assists with the supervision of infants and child care.

Through a visiting nurse discharge coordinator in area hospitals, the patients and their families can be assisted in making plans for continuing care after discharge from the hospital.

Anyone wishing further information about the VNA services is asked to call 624-3574 or 621-3961.

Speech training course planned

The Ontario-Upland Toastmaster Club will start a speech building and training class next month, according to training coordinator Vance Mingus.

Speechcraft is described as a short, comprehensive program in the fundamentals of communication and leadership, combined with companionship and coaching from fellow business and professional men and women with previous speech training and experience.

The program will begin March 5 at 7:30 p.m. at Squire's Restaurant, 805 N. Euclid Ave., Ontario, to continue for eight weeks. "You will find a group of representative men and women who will do all they can to help you. You will not be embarrassed by being called upon to speak before you are ready, but you will have a chance to talk when you wish," a club spokesman said.

Interested persons can call Mingus at 629-2471 or Stephen Douglas at 982-1841.

Montclair shares federal job funds

Art sale of student works set Monday

An art sale of student works will be held at Chaffey College from 10 a.m. until 5 p.m. Monday.

The works will be sold from booths set up on the lawn east of the little theater. Featured will be batiks, pottery, drawings, paintings, sculpture, textiles and raku ware (ceramics used in Japanese tea ceremony).

The City of Montclair has granted the Ontario-Montclair School District $17,500 in Federal job-development funds under the Comprehensive Employment Training Act (CETA), to be used primarily in schools within the Montclair City boundaries.

The Montclair City Council, in response to a request by Supt. Jack J. Jones, voted to grant Ontario-Montclair School District a portion of the funds allocated to the city by the federal government, under the CETA II and VI programs.

Jones told the City in a letter to City Manager Lauren Wasserman that a new county method of allocating these funds to school district has brought about a "drastic reduction" in allocations to the Ontario-Montclair School District.

In the past, funds allocated to school districts by the county were based on the size of each school district in relation to other county districts, but the new method of allocation is based on population in unincorporated areas covered by the districts. Under the new method, Jones said, school districts must "approach cities within their boundaries for direct allocation to cover the incorporated areas served by the school districts."

Jones pointed out that other area cities are also cooperating with their school districts. The City of San Bernardino has made such an allocation to San Bernardino Unified School District, Redlands to Redlands Unified, and Chino to the Chino Unified School District.

Ontario-Montclair hopes to receive an even greater amount of CETA funds from the City of Ontario. Ontario, being much larger than Montclair, is allocated approximately three times more funding under CETA II and VI than Montclair, according to Inland Manpower figures.

The cities will not lose any of the allocation monies, Jones has pointed out, "because the jobs will still be created right here in this area, and will be filled by area people. I can guarantee that CETA people hired by this district will serve a very worthwhile function."

CETA is a job-opportunity program, funded by the Federal government to create jobs for the unemployed. Cities' allocations are based on their population and percentage of unemployment.

New concept in playground structures

Cucamonga Central School PTA is financing a new concept in play structures: wooden spools and suspension tire bridges.

To finish the projects, the PTA needs help in locating 24 pieces of two-inch galvanized pipe in 10-foot lengths.

Information regarding the pipe may be given by calling 987-3115 or 987-5367.

Upland Aquatics collect laurels

Every member of the Upland Aquatics Club earned place honors in age-group competition during an Eastern Section AAU "B-C" meet hosted by Upland.

Mary Wynn Pattison, 15, moved into the "AA" ranks while taking first place in the 100-yard freestyle (1:01.0), and she achieved an "A" standard time with a first in the 100 backstroke (1:13.2). Miss Pattison also finished second in the 100 breastroke.

Tom Grall, 12, moved into Class A in all strokes as he finished first in the 200 free (2:19.0) and took seconds in the 200 individual medley, the 100 free and 100 back.

Todd Kupferer, 11, swimming in Class B, took firsts in the 100 free (1:10.2) and 100 IM (1:18.5) and thirds in the 100 back and 100 breast.

David McDevitt, 11, finished second in the 100 breast, fourth in the 100 back and fifth in the 100 free and 100 IM while competing in the "C" group.

Derek Burns, 10, dropped 9.2 seconds from his previous best in the 10-and-under Class B events while finishing second in the 50 free, fourth in the 100 free, and fifth in the 50 back and sixth in the 50 breast in "C" competition.

Jennifer Weck, age eight, swimming 10-and-under "B," placed third in the 100 free and fifth in the 100 back before scratching the rest of her events because of illness.

Steven Weck, age seven and swimming in his first AAU meet, achieved 7-8 "B" time standards with firsts in the 100 IM (1:44.2) and 50 back (48.8), second in the 50 free, third in the 50 breast and sixth in the 100 free. Weck also copped a fourth in the Class C 50 fly.

Upland Aquatic Club members are busy preparing for upcoming meets at Mission Viejo, Mt. San Antonio and Riverside. Swimmers may call 982-3430 for team membership information.

2 Upland High students feted

For the first time is Upland High School's history, two students were winners in the local division of the Soroptimist Youth Citizenship Awards Contest. These two outstanding seniors, Frank Mizuno in first place, and Pam Lacey in second, were honored at an awards luncheon on Tuesday.

Mizuno is currently ASB vice-president at UHS, Key Club treasurer, and a member of the California Scholastic Federation. Among other honors, Mizuno is a National Merit finalist, and has won the local level of competition for both the Gemco Scholarship Contest and the Betty Crocker Search for the Family Leader of Tomorrow.

Lacey is ASB president, treasurer of the Ayshirians service club, a member of the all-San Antonio League student council, a member of CSF, and recently won a good citizenship award from the San Antonio Chapter of the Daughters of the American Revolution.

The contest, recognized by the National Association of Secondary School Principals, was based on three essay questions which had to be answered in 125 words or less. The questions dealt with the student's responsibility of citizenship within the family, the community and the world.

The entries of two winners, receiving prizes of $100 and $50, respectively, were judged by volunteers.

Mizuno, as first place winner, also qualifies to enter in regional competition, each region encompassing several states, in which the winner receives $1000 and qualifies to enter competition on a national level for a first place award of $1500. This brings the total prize money of the national winner to $2,600.

Betty Subsaro

Memorial dance will be a benefit

The first Annual Betty Subsaro Memorial Dance will be held on Friday as a benefit for the American Cancer Society.

Andy Subsaro, husband of the late Mrs. Subsaro, is spearheading the event to be held from 8 to midnight at Subsaro's Italian Gardens, 4620 Holt Blvd., Montclair.

Dontations for the dance will be $5 per person.

Music will be provided by Lou Catalano and his orchestra.

Mrs. Subsaro died Feb. 20, 1973. She was a native of Pittsburgh, Pa., and had lived in Ontario since 1963.

She was active in many community projects and philanthropies, and was proud to have been one of the founders of the local National Conference of Christians and Jews.

Mrs. Subsaro was a representative of St. George Church, Ontario, Altar Society to the San Antonio Community Hospital Women's Auxiliary. She was active in the local Court Our Lady of Fatima, Catholic Daughters of America, and was a state officer of the Catholic Daughters of America.

She was an active member of the Ontario Deanery, Diocesan Council of Catholic Women, and a teacher of Confraternity of Christian Doctrine at St. George Church.

Tickets for the Memorial Dance are available at the American Cancer Society office, 417 W. E St., Ontario; Subsaro's Restaurant, 1021 W. Holt Blvd., Ontario; and Subsaro's Italian Gardens. Further information is available by calling the Cancer Society office, 983-2784.

County offers tennis school in Alta Loma

County Service Area No. 5 will offer a series of recreation tennis classes beginning Saturday at Alta Loma High School courts. The classes will continue five weeks.

Bill Larson will serve as instructor, and cost will be $3 per person. Each student will be asked to provide his or her own racket.

Scheduling calls for early playing adults to take the courts between 8 and 9 a.m., and intermediate adults follow between 9 and 10.

Beginning classes are slated from 10 to 11 and 11 to noon.

New officers installed for veterans' council

Officers installed at the last meeting of the West End Veterans' Coordinating Council by John Sugar were: Chairman, Howard Tendick of Chino American Legion Post; Mrs. Ellen Grieg, vice chairman of Veteran of Foreign Wars Auxiliary No. 2085; Margaret Dickson, treasurer, Ontario American Legion Auxiliary No. 112; Mrs. Arthur A. Novelli, secretary, Ontario A.L. Aux. No. 112 and Mrs. Margaret Sachs, chaplain, VFW Auxiliary No. 2085.

Discussion was held on club activities for the Memorial Day services and it was decided unanimously to consider observing the ceremonies at Bellevue Cemetery on May 30 beginning at 10 a.m. The final decision will be contingent on public acceptance and participation available on that date.

Learning is fun in Arroyo class

A teacher at Ontario-Montclair School District's Arroyo School has discovered that student learn more, and enjoy learning, when they can combine it with games and fun.

Pat Garrison, a third grade teacher at Arroyo, supplements her regular instruction with "fun" sessions at puppetry, and with a clown with a red nose that lights up when you answer questions correctly.

Puppetry is the third graders' favorite project by far, says Mrs. Garrison, probably because it seems farthest from school work. Not so, however. Mrs. Garrison integrates reading, writing, social studies, drama, art and handicrafts into her puppetry program, and the best part is that the children have a great time while learning.

The red-nosed clown is set up on a battery operated electrical system, with two "live" wires and a contact board. Mrs. Garison sets up a series of problems on one side of the board, and a series of answers on the other, and the student must put one wire on the question, and one wire on the correct answer, in order to make the clown's nose light up.

The board is especially fitted for math and grammar problems, says Mrs. Garrison, and the children become familiar with electricity. The board works as a problem-solving reinforcement for the students. They learn to enjoy solving problems.

Both projects were built by Mrs. Garrison's husband, Gary, who is an instrument controller at Kaiser Steel. A dedicated handiman, Garrison is now working on an "egg turner" for his wife's class. They plan to incubate eggs this spring.

An Honorary Life Service award has been given to Darlene Ironside by the Cucamonga Junior High School PTA. Mrs. Ironside, who will be the PTA president next year, has organized and is responsible for the Volunteer Parent Aid program at the school. She is secretary of the Foothill Council PTA.

Receiving an Honorary Life Service award from the Cucamonga Junior High School PTA was Steve Winter, a teacher at the school, who is active in the Pop Warner Football program which he helped establish at a local ball park. He also has received the team mother trophy on his daughter's softball team.

Story wins $500 prize

Upland High School senior Larry Short has been awarded $500 for his winning entry in the Youth Writing Contest sponsored by "Guideposts" magazine.

His article — a short story entitled "Accident Prone?" — dealt with his experiences as a counselor at a camp in the mountains near Big Bear Lake last summer and was one of over 3,000 submissions to the national contest.

The names of the 20 winners of prizes ranging from $3,000 to $500 will be published in the May issue of "Guideposts." The winning short stories will be published in June.

Short is president of the Foothill Baptist Youth Group, a first-aid instructor with the American Red Cross and a member of the California Scholastic Federation. Short is the son of Mr. and Mrs. Merl L. Short of 2444 Sierra Drive, Upland. He plans to use his winnings toward attending Biola (Bible Institute of Los Angeles) College in La Mirada next year.

Juniors to be hosts

The Upland Junior Women's Club will host the annual winter conference of the California Federation of Woman's Clubs, Junior Membership, on Saturday at the Upland Woman's Clubhouse.

Highlights of the day will include a fashion show, arts and crafts judging, presentation of the Outstanding Teen-Age Citizen of San Bernardino District and of the Citizen of the Year Award and a luncheon honoring Bonnie Long, CFWC, JM state president.

All women between the ages of 18 and 35 are invited to join the San Bernardino District Junior Women's Clubs for this conference by contacting the Upland Juniors' membership chairman at 987-2985.

Church news

Church news to be published in The San Dimas Press, The La Verne Leader, The Bulletin (Diamond Bar-Walnut-Rowland Heights), The Cucamonga Times, The Upland News or The Montclair Tribune should be sent to the Church Editor, Bonita Publishing Co., P.O. Box 593, Ontario 91764 at least one week in advance.

Music workshop

A music workshop under the direction of E. Martene Craig will be held at the Fellowship Church of the Brethren, 2282 Third Street, LaVerne, March 1, at 7 p.m. Miss Craig is presently the Minister of Music for the First Baptist Church, Pomona and is known throughout Southern California for her leadership in the development of vocal and instrumental choirs.

Miss Craig will outline helpful programs and suggest innumerable ways in which music can be used in the ministry of the church.

Her presentation will be followed by a question and answer period and a brief social hour. Area residents are invited to attend the free workshop. Reservations not required. For information call the church office, 593-5052.

United Methodist women

Women of the United Methodist Church of La Verne will hold their general meeting 11:45 a.m. Tuesday at Marshall Hall, 3205 D St. Activities include a birthday luncheon honoring past presidents and a crazy hat contest.

Bible study program

A congregationwide program of home Bible study will begin Sunday at Christ Lutheran Church, 5500 Francis Ave., Chino. A packet of free materials will be distributed to participants. Holy Communion will be celebrated at the 8:15 and 10:45 a.m. services. Sacrificial suppers and Lenten worship services continue 6:30 p.m. Wednesdays. Everyone is welcome to suppers and services.

Missions Sunday

The La Verne Heights Presbyterian Church will celebrate Missions Sunday with Dr. Ralph Winter of the Fuller Seminary School of Missions preaching at the 10 a.m. service Sunday. Dr. Winter became a world figure through his lay-centered theological teaching in Guatemala.

Following the service Dr. John R. Springer, pastor, will lead interested persons in a rap session with Dr. Winter. The morning will conclude with a luncheon served by the Mariners Club of the church.

Car wash

The junior highs of San Dimas United Methodist Church will hold a car wash 10 a.m.-4 p.m. Saturday. Lorrie Reid, president, said, "This project is the first in a series of fund raisers to enable us to have a weekend retreat May 2-4." Youth are serving as ushers and acolytes, leading the congregation in prayer, ringing the bell prior to services, attending church services and youth meetings, performing tasks around the church grounds, and memorizing assigned passages of Scripture.

Youth will wash small cars for $1 and larger cars for $1.50. The car wash will be at Thomas Orr's Chevron Station, San Dimas Canyon Road and Foothill Boulevard.

GREAT BARGAINS - Are in store for residents at the San Dimas Community Church rummage sale 9 a.m.-4 p.m., March 6 and 7 in the Fellowship Hall. Clothing, household items, jewelry and antiques will be among the items for sale. Shown (from left) are committee members Edith Hertz, Josephine Wright, Minnie E. Nelson and Margaret Parker.

Church women begin new year

"Joy for an Anxious Age" is the 1975 theme selected by the Women's Association of the Upland First United Presbyterian Church as it begins the new year with plans and a new slate of officers.

The theme is borrowed from the title of a former Bible study guide used by the group and will be implemented by emphasis on joyful Christian living.

Mrs. Owen (Lucy) Moore, president for 1975, is the first second generation president of this organization. Her mother was Mrs. Herbert Baily, who was an early president of the association.

Other new officers are: the Mmes. Edward Alvarez, vice president; Bruce Breitler, secretary; Gerald Otto, treasurer; Raymond Berry, Floyd Wilson and Alvarez, coordinators for studies; and Ronald Day, Jerry Sibley and Charles Youngstrom, coordinators for involvement and action.

Coordinators for interpretation of mission are: Mrs. George Shipway, Isabel Walker and Margaret Hinschilwood.

Members of the nominating committee were: the Mmes. Richard Baker, Allan Smith, Ernest Wagner, Robert Gadagaard, William Johnson and Shipway.

Chairmen include the following: Mary Howard, Thursday Morning Circle; Lucilee Webster, Thursday Afternoon Circle; Mrs. John Casenave, Church Women United key women; Edith Wieman, fellowship; Mrs. Gordon Nicholson, courtesy; Mrs. Wagner, luncheon guests and new members; Mrs. Ted Delsing, luncheon adviser; Mrs. Gerad Rawle, telephone; Mrs. Smith, publicity; Mrs. Berry, sewing circle; and Mrs. Stanley Warburton, decorations.

Representatives on commissions are: Theda Leman, worship; Mrs. Gerald Otto, finance; Margaret Hinshilwood, mission outreach; Mrs. Wagner, membership; Mrs. George Beardwood, adult nurture; and Esther Oyler, youth nuture.

Plans for the coming year include a training session for officers presented by leaders of the Riverside Presbyterial and the association's meeting at noon on Thursday, which will Loma Girls Home, church mission projects.

Special programs for luncheon meetings throughout the year and studies for group meetings have been planned. There will be circle meetings on the third Wednesday of each month at 9:30 a.m. with child care provided. Two more circles meet on the fourth Thursday at 9:30 a.m. and 1 p.m. These circles provide study and fellowship. A sewing circle meets the second and fourth Wednesday each month.

The executive board has recommended a budget of $3,057, over $2,000 of which will be used for general mission projects of the United Presbyterian Church and local mission projects of the Upland church.

Activities of the Women's Association are open to all women of the church and to interested women of the community. Further information is available by calling the church office at 982-8811.

'Theology Now' talk, Shabbat services set

The Claremont Colleges will hold the following events this week:

A Theology Now lecture, "What Hunger Does to Your Theology," by Beverly Keene, participant in the Rome Food Conference, noon Friday at McAlister Center, 919 N. Columbia Ave., Claremont.

Services set

Ontario First Church of the Nazarene will conduct a week of special preaching services beginning Tuesday, March 4. Services will be held Tuesday through Friday at 7:30 p.m. and on Sunday at 10:50 a.m. and 6:30 p.m.

Guest minister for this series will be the Rev. Stephen Manley, an evangelist in the Church of the Nazarene from Marion, Ind. He will be accompanied by his wife and two children.

Special nightly emphasis will be conducted featuring Sunday school night on Wednesday, famiy night on Thursday and youth night on Friday.

Rev. Manley brings to the church experience as a pastor and revival preacher.

Disney to salute America

WASHINGTON — Walt Disney Productions has announced plans for the nation's 200th birthday celebration during ceremonies held Tuesday at the State Department, in cooperation with the United States Travel Service and the American Revolution Bicentennial Administration.

Highlighting festivities scheduled by the Disney organization will be "America on Parade," the most impressive live production ever assembled by the company.

Designed to be a spectacular salute to America's history, creations, contributions and achievements, this colorful procession will debut this June at both Disneyland and Walt Disney World.

More than 25 million people are expected to view the parade during its more than 1200 performances over a 15-month period, which concludes in September, 1976.

The parade will also be the first time the California and Florida Parks have worked jointly to produce a show which will appear simultaneously at both locations.

Being created in larger-than-life proportions, the pageant's 50 parade units will average more than 20 feet in height, and some will be as much as 30 feet in length.

To accompany these various scenes, an entirely new family of Disney characters is being developed, the "People of America."

These doll-like performers will measure nearly eight feet in height to be in scale with the various parade units, and, like the procession itself, make Park guests, old and young alike, see the pageant as through the eyes of a child.

There will be more than 150 of these "People of America" performing in each parade at both Disneyland and Walt Disney World.

Various contributions Americans have made will also be saluted.

THE POLLEN IS NATURAL; YOUR HAY FEVER IS NOT!

By DR. W. P. HELZER, D.C.

This is the time of year when handkerchiefs are very much in vogue. I have been asked to comment on the so-called hay fever problem.

Dr. Wes Helzer D.C.

Hay fever, rose fever, golden rod fever, rag weed fever etc., are all sometimes covered under the same general expression "hay fever." The difference is merely the pollen which triggers off these attacks

We are now passing through a period when the "hay fever" problem is most evident. The flowers and grasses are in bloom now and the pollen from these blossoms are in the atmosphere in great numbers particularly now since the air is very dry.

But don't put all the blame for the discomforts of "hay fever" on the pollen. It's natural for the pollen to be in the air. It is not natural (or at least not normal) for these products of nature to cause disease by themselves.

After all, since all of us inhale pollen it would follow that everyone would have hay fever at this time of the year. Of course, this isn't the case. Some people are currently sneezing, having itching and burning sensations in the eyes and throat etc. Some aren't.

The cells of the nose should protect themselves against pollen without discomfort. When we find the reason why cells in some people's noses fail to react normally to pollen, we find the answer to "hay fever."

Normal healthy cells depend on many factors. Among them are a normal supply of nutritive material, the normal ability for the cell to take on nutrition, the normal removal of waste material from the cells and the normal temperature of cells.

These requirements clearly show that the normal cell is dependent upon proper circulation. This is, in turn, dependent on the action of vasomotor nerves.

We cannot overlook the influence of nerves. When we think of nerves we have to consider vertebral displacements that interfere with nerve action and cause disease.

Hay fever is a problem that will be an annual affair until the sufferer seeks correction of the basic cause.

What is a greater worry than the annual discomfort of "hay fever" is the serious and permanent consequences (such as asthma) that can follow the problem if effective treatment is not sought.

SAN DIMAS - LAVERNE
RECREATIONAL FACILITIES
AUTHORITY
NOTICE INVITING BIDS

1. NOTICE IS HEREBY GIVEN that the San Dimas - La Verne Recreational Facilities Authority hereby invites sealed proposals or bids for the construction of a storm drain and grading of a building site for the San Dimas Canyon Golf Course, 2100 Terrebonne Avenue, San Dimas, California, all in accordance with the plans and specifications on file in the office of the Secretary of the San Dimas - La Verne Recreational Facilities Authority.

2. Said proposals or bids shall be delivered to the Secretary of the Authority on or before 10:00 A.M. of the 4th day of March, 1975, at the office of the Secretary, 245 East Bonita Avenue, San Dimas, California. The Secretary will at said time, in open session, publicly open, examine and declare said bids.

3. All proposals shall be accompanied by a check payable to the Authority, and certified by a responsible bank for an amount which shall not be less than ten (10%) percent of the aggregate of the proposal or by a bond for said amount and so payable, signed by the bidder and two sureties who shall justify before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions, or by a corporate Surety Bond to the satisfaction and approval of the City Council of the City of San Dimas, California.

4. The bid check, bond or Surety Bond of the successful bidder will be forfeited to said Authority in the event such successful bidder fails or refuses to enter into the required contract within 15 days after the written notice that said contract has been awarded to him for the work.

5. The successful bidder, simultaneously with the execution of the Contract Agreement, will be required to furnish a labor and materials bond in an amount equal to one-hundred percent (100%) of the contract price and a faithful performance bond equal to one-hundred percent (100%) of the contract price.

6. Reference is hereby made to California Government Code, Section 4300 to 4305, both inclusive relating to preference of American made materials. All of said sections are hereby incorporated in this notice and made a part hereof. The Authority in awarding any contract hereunder will make the preference for American-made and California-made materials and supplies, as contemplated in said Code sections, and clauses to that effect will be included in such contract.

7. BIDDERS ARE HEREBY NOTIFIED that pursuant to the Labor Code of the State of California, said Authority has ascertained and determined the general prevailing rate of per diem wages and the general prevailing rate for legal holiday and overtime work in the locality in which said work is to be performed for each craft or type of workman needed to execute the contract for said work, and it will be required that no less than said rates be paid to all such workmen employed or engaged on the work. The rate so ascertained heretofore by the Authority pertaining to the craft, classifications and type of workmen needed to execute this contract are available at the office of the Secretary.

8. Proposals must be submitted on the form prepared and furnished for that purpose, which may be obtained at the San Dimas City Hall, at which office bidders may also obtain copies of the plans and specifications for the contemplated work.

9. The Authority reserves the right to reject any and all bids received and to compare the relative merits of the respective bids and to choose that which in the opinion of said Authority will best serve the interests or needs of said Authority and to take all bids received under advisement for a period of not to exceed sixty (60) days, after the declaration thereof.

10. Each bidder in bidding shall state his California Contractor's license number, as no bid will be accepted from a Contractor who has not been licensed in accordance with the provisions of the laws of the State of California relating to licensing of Contractors.

11. This notice is hereby given and published by order of the San Dimas - La Verne Recreational Facilities Authority and is dated this 14th day of February, 1975.

Silent film series set at Garrison

D. W. Griffith's "The Birth of a Nation" (1915) will be featured in the "Let's Go To The Silent Movies" Series at The Claremont Colleges' Garrison Theater, Saturday evening, March 1 to 8. William G. Blanchard, college organist and professor emeritus of Pomona College and the Claremont Graduate School will play an original organ score with the film.

Based on the novel and play "The Clansmen" and "The Leopard's Skin" by Thomas Dixon, "The Birth of a Nation" is by any standard one of the most important films of all times. Griffith, the son of a Confederate Colonel, was impressed by Dixon's "The Clansmen" because of its romantic view of the Old South, its bitter depiction of the devastation caused by the Civil War and Reconstruction, and its sympathetic portrayal of the Klu Klux Klan. He poured all of his money and enormous energy into the project; the budget ($110,000), shooting schedule (9 weeks) and running time (130 minutes) were all unprecedented. The film became a huge box office and critical success and changed the cours of film art forever. The film has always been controversial because of its alleged racism, but Griffith, who tempered Dixon's inflammatory original material, sincerely believed that he had presented a fair, accurate picture of the South. Griffith's artistry clearly transcends the social implications. The film stars Lillian Gish, Mae Marsh and Henry B. Walthall.

Fresh oranges make a different chef salad or artichoke stuffing. This is a surprising salad and is great to serve for luncheon or dinner. This is the season of oranges for Californians so why not take advantage. Anyone would be happy to have this served anytime of the day or night.

Fresh oranges add to any meal

Everyone, whether pinching food pennies or not, is looking for something different to brighten each meal. And, it is surprising how much more pleasing the day or evening seems when the palate and eye (and stomach) have been titillated. Often, this is accomplished by adding a different ingredient to a basic dish. An example is the use of fresh orange sections in a chef's salad that is topped with an Orange mayonnaise dressing. Another is to combine fresh orange, orange rind and lemon juice with shrimp as a stuffing for cold artichokes.

Fresh Orange Chef's Salad

6 cups lettuce torn into bite-size pieces
1 red onion, sliced
6 cups fresh orange sections
¾ pound cooked roast beef, cut in strips
½ pound cooked ham, cut in strips
½ pound Monterey Jack of Ceddar cheese, cut in strips

Place lettuce in large salad bowl. Mix with onion. Arrange orange sections, roast beef, ham and cheese on top. Serve with Orange . Makes 4 servings.

Orange Sections: Cut slice from top, then cut off peel round and round spiral fashion. Go over fruit again, removing any remaining white membrane. Cut along side of each dividing membrane from outside to middle of core. Remove section by section over bowl to retain juice.

Orange Mayonnaise

1 egg
Rind of 2 large oranges (remove in thin strips with vegetable parer)
1 teaspoon salt
1 teaspoon sugar
1¼ cups salad oil, divided
2 tablespoons fresh lemon juice
1 tablespoon fresh orange juice

In container of electric blender, place egg, orange rind, salt and sugar. Cover and process at high speed until rind is in very tiny pieces. Remove cover and, with blender still running at high speed, very slowly add one quarter cup oil. Add lemon and orange juices. Keep blender running and slowly pour in remaining 1 cup oil. Continue to process until mayonnaise is thick and smooth. Makes one and one half cups.

Cold Artichokes with Orange-Shrimp Stuffing

4 artichokes
2 quarts water
1 cup fresh orange juice
1 tablespoon grated fresh orange ring
¼ cup tarragon vinegar
1 cup salad oil
1 teaspoon salt
½ teaspoon dry mustard
¼ teaspoon sugar
⅛ teaspoon pepper
1 teaspoon dried fines herbes
2 tablespoons chopped parsley
¼ cup chopped scallions
½ teaspoon Worcestershire sauce

Orange-Shrimp Stuffing

Grated rind of 1 orange
¼ teaspoon salt
1½ teaspoons fresh lemon juice
¼ cup mayonnaise
¾ pound cooked cleaned shrimp, finely chopped
1 orange, sectioned

Blend orange rind, salt and lemon juice into mayonnaise in medium bowl. Add shrimp. Cut orange sections in half. Add to bowl and mix lightly. Chill. Just before serving, remove artichokes from marinade and fill center with shrimp mixture.

With scissors, cut off sharp tips of artichoke leaves. Bring water to boil in kettle. Add artichokes, cover and simmer 30 minutes or until base of artichokes can be pierced easily with a fork. Remove from heat and drain. Cool slightly. With each artichoke, pull off tough outside leaves around the base and discard. With fingers, carefully open center leaves, turn the artichoke over on a board and press down firmly at the base to spread leaves open. Turn artichoke right side up and pull out yellow leaves from the center. With a spoon (preferably a sharp one), scrape out fuzzy and prickly portion from the heart. Cut off stem so that artichokes will sit level. Beat together orange juice, rind and remaining ingredients for marinade. Pour over artichokes in glass dish or bowl. Chill several hours

Dash of chili flavor

Skillet meals are easy to fix, a joy to serve

Be honest now, the real reason you like recipes for skillet meals is that they are easy to fix. Want a couple more good reasons? Like nutritious, energy and money saving, and great tasting?

Like everything else the price of dried beans has risen but this old time source of protein is still a good food buy. In addition to high quality vegetable protein, beans are also an excellent source of iron, thiamine and riboflavin.

Western Bean Skillet with dried lima beans turns the old fashioned method of soaking the beans overnight into a new-fashioned energy saver, since the beans need less time to cook. Simmer on top of the range, then sauce them up in a skillet. Range top cooking uses less energy than an oven. The western flavor is achieved with an envelope of chili mix. Brown sugar and instant coffee powder lend a mellowness to the chili

Dried Great Northern beans become a northern Italian main dish, Tuscan Style Beans, with the addition of an envelope of spaghetti sauce mix. A cup of diced cooked beef or pork gives extra heartiness to this skillet meal.

Serve either recipe with coleslaw, corn muffins, baked apples, milk and coffee or tea.

This menu will provide your family with servings from each of the four basic food groups needed daily to maintain good health.

Western Bean Skillet

½ pound dry lima beans
1 teaspoon salt
4 slices bacon, chopped
1 green pepper, chopped
1 can (1-lb.) tomatoes
¾ cup water
¼ cup firmly packed brown sugar
1 envelope (1¾-oz.) chili mix
1 teaspoon instant coffee powder

Wash beans. Cover with 4 cups water in saucepan and let stand overnight. Add salt; cover and simmer 1½ to 2 hours, until tender. Drain. Cook bacon in large skillet until crisp. Add pepper; cook 5 minutes, stirring occasionally. Add tomatoes, water, sugar, contents of chili mix envelope, coffee powder, and drained beans. Simmer, uncovered, about 30 minutes, stirring occasionally. 4 to 5 servings.

Tuscan Style Beans

½ pound Great Northern beans
1 teaspoon salt
¼ teaspoon soda
1 cup diced cooked beef or pork
1 can (6-oz.) tomato paste
1 envelope (1½-oz.) spaghetti sauce mix
Shredded Cheddar cheese
French's Parsley Flakes

Wash beans. Cover with 4 cups water in saucepan and let stand overnight. Add salt and soda; cover and simmer 1 to 2 hours, until tender. Drain. Combine meat, 2 cup water, tomato paste, and contents of sauce mix envelope in large skillet. Stir in beans. Simmer, uncovered, for 1 hour, stirring frequently. Sprinkle with cheese and parsley flakes.

Western Skillet Beans...a hot and hearty maindish meal for chilly days. Easy to make and all the family will enjoy this zippy and tastey dish for lunch or dinner.

What's butterfat content in milk?

How much butterfat does milk really contain? Should milk be eliminated when a person goes on a reduced-calorie diet?

Many people, it seems, have no idea of the butterfat content in milk, according to surveys conducted by the California Milk Advisory Board. When asked if whole milk contains 3.5, 15 ot 50 per cent butterfat, many of the more than 30,000 people surveyed answered either 15 to 50 per cent.

The fact, however, is that whole milk contains only 3.5 per cent butterfat. But this is only one of the misconceptions many people have about the contents necessary nutrients needed by of milk and dairy products.

Because milk is considered "fattening", most people, especially women, tend to make it the first item on their list to cut down or even eliminate when dieting. Actually, one eight-ounce glass of whole milk only contains 150 calories while still containing the body — even when controlling calories.

Actually, by not including milk or other dairy foods in your diet, it would be difficult to fulfill your daily requirements for calcium. In addition, milk provides an excellent source of protein for energy and tissue repair.

But, what about the butterfat in milk, even though it's a small amount? Butterfat adds food value and flavor. In addition, it contains fatty acids that are essential to good nutrition. Most important, it is the "carrier" of vitamins A and D.

Of course, one should always consult a physician before beginning any diet. If, for some existing medical reason, your physician advises against drinking milk, then you may wish to obtain the nutrients your body needs by substituting other dairy foods.

As a service to consumers, the California Milk Advisory Board has developed a safe, sane and sensible reduced-calorie diet called the 7-Day Milk Diet for Women. The diet plan has been designed to assist women in good health to control their calorie intake yet maintain proper nutrition. It is built around the four basic food groups to assure a balanced diet. In the form of a free booklet available at supermarkets, it consists of a set of simple guidelines for watching the diet, seven daily meal plans, tempting recipes, exercise suggestions, diet tips and a guide to nutritious eating habits.

50 years of flying results in cookbook

Nearly 50 years of flying and company-related friendships are combined to produce "Just Plane Delicious," a cookbook published by Western Airlines "Relaxed Birds," a retiree organization.

Recipes from the airline's employes, active and retired, and spouses in 14 western states, Canada and Mexico, have been gathered for the book.

"Just Plane Delicious" is as attractively bound as many of the recipes found inside. Covered with a tough plastic binder, which is resistant to kitchen spills, there are 150 recipes inside.

Liz Simpson of Long Beach headed the recipe solicitation and selection committee.

"Recipes came in by the hundreds after we asked for them in Western's employee publication," she said. "From the hundreds, only 150 were selected for the first edition of the book. There will be a supplement later in the year."

Some of the more delictable recipes include an African gum cake offered by Sonia Taylor of Anchorage, Alaska, who gathered the recipe on a trip to Africa.

Another taste-tempting offering came from Mrs. Leonard Dodge of Redondo Beach — a mince meat recipe "in the family for more than 80 years."

Flight Attendant Donna Muir of Mission Viejo offeres another winner, Cog Au Vin, borrowed from the French after a trip to france.

"Just Plane Delicious" sells for $3.98 a copy, including tax and postage. Orders for five or more bring a reduced price. For the book, which is definitely touched by the cosmopolitan flavor afforded airline employes who travel, write Western's Relaxed Birds, 6060 Avion Drive, Los Angeles, Calif. 90009.

Use prunes to add natural sweetness

There may be times when you are looking for a sugar substitute. Have you thought of prunes?

With the increasing cost of foods continuing, the average family budget is getting tighter as time goes on. As a result, the conscientious housewife is becoming more selective in her food purchases.

One of the places where budgets may be trimmed is in the choice of sweets. Sugar, while a valuable ingredient in certain foods, currently is expensive and adds weight without providing nutrition.

For the long haul, for money well spent, there are available a number of naturally sweet foods, notably fresh and dried fruits. Among the dried fruits, one of the least expensive is prunes. Naturally sweet they not only add sweetness to the diet but good nutrition as well, containing as they do valuable vitamins and minerals.

Prunes are an excellent source of iron, which has the capacity to be absorbed in the body and works with other nutrients to build new red blood cells as well as to restore old ones.

Prunes are a fine source of Vitamin A and contribute to the daily needs for thiamine, riboflavin and niacin.

Instead of reaching for the sugar spoon, reach for the box of prunes. Sprinkle them, chopped, over hot or cold cereal, over ice cream instead of sweet sauces, over bowls of fresh fruit pieces, over cottage cheese, over or into pancakes, waffles or fritters.

Use a little less sugar in your baking and add chopped prunes to provide natural sweetness.

Stew prunes with other fruits without sugar and see how lightly sweet the compote is.

Stew prunes until they become very soft and beat them in a puree. They thus become a delicately sweet spread for toast in the morning or for cream cheese sandwiches for lunch.

Put prunes into the lunch box instead of sugary candies or other sweets.

Instead of the usual sweets, serve pitted prunes stuffed with nuts, coconut, dried fruits and cherries.

Stew prunes with plenty of water and use the sweet juice to glaze ham or other smoked meats. This juice also may be used to sweeten drinks or can be thickened into a syrup for French toast or pancakes.

Core fixer

A melon ball cutter removes cores easily and with minimum waste from apple and pear halves.

Onion size

When a recipe calls for a half cup of chopped onion, you'll be safe in using one medium-size onion.

Cheese filling

Nice for tea: sandwhiches made from fresh white bread (crusts removed) and a filling of cream cheese with chopped salted pecans and chopped pimento-stuffed green olives. If you like you may add a little mayonnaise to the cheese mixture.

Hearty liver is healthy

Everyone is worried about nutrition these days.

It's interesting that housewives of yesterday had an almost instinctive feel for feeding their families properly and keeping them well nourished.

Liver, for example, was a mainstay which our mothers served at least twice a month. Liver is still good for you and it's relatively inexpensive, so it's good for your budget too!

Serve either recipe with a tossed salad, green beans, rolls, applesauce and cookies, and coffee and milk.

This menu will provide your family with servings from the four basic food groups needed daily to maintain good health.

Indonesian Style Liver

1 pound sliced beef liver
2 tablespoons fat
1 cup water
1 envelope (7/8 oz.) onion gravy mix
1 tablespoon brown sugar
2 tablespoons catsup
2 tablespoons soy sauce

Brown liver in fat in skillet. Stir in remaining ingredients. Simmer, uncovered, 5 to 10 minutes, until done. 4 servings.

Hearty Liver and Bacon

6 slices baon
2 eggs
1 envelope (4-servings) potato pancake mix
1 pound sliced beef liver

Cook bacon, saving drippings. Set aside bacon. Combine eggs with 2/3 cup water; add contents of pancake mix envelope and stir with a fork until well blended. Let stand 10 minutes. Dip liver into batter, coating well. Cook in bacon drippings 5 to 10 minutes, turning once, until done. Serve with bacon. 4 or 5 servings.

Pomona Valley Area

VA NO NO $16,500
Is Real Estate talk which means nothing down and seller will pay all of buyers closing costs. In other words move in without any money and no payment for 30 days. If you're thinking of renting and served in the military, this could be your chance to move without that front money that all landlords want. 3 bedroom and 2 baths with payments at the new low interest less than rent. Now's your chance. Call immediately! The good deals don't last. 1084.

4-BEDROOM BARGAIN $19,000
Large family home with fireplace, 2 baths, all painted fresh with new carpets just installed. Lovely tree shaded area will delight your family. Call today. 1044.

WESTMONT SPECIAL $19,500
For all of you that know this lovely area nothing more need be said. Owner has removed partition to make a King Size master bedroom 24 feet long. FHA approved with nothing down on V.A. or you select the terms. Call now! 1160

Interest Rates Down

Drastic reduction in interest rates have made this the ideal time to sell or buy your home. The economy is firing back up and all the smart people are trading up before the summer demand forces prices and rates out of reach. Most vets have been re-instated to re-use their VA loans. There has never been a better time to make your move to buy or sell. Call for details.
